

28 October 2008

Mr. Sean McGill
A/Director Human Resources and Corporate Planning
CORPORATION OF DELTA
4500 Clarence Taylor Crescent
Delta, BC V4K 3E2

Dear Mr. McGill:

RE: Updating the YVR Noise Management Plan

This letter is to advise that the Vancouver Airport Authority is currently updating its Noise Management Plan. The Plan documents the YVR Aeronautical Noise Management Program and identifies initiatives to be undertaken over the next five-years.

Members of the YVR Aeronautical Noise Management Committee are assisting with the identification of initiatives to include in the new Plan. All stakeholder groups are represented on the Committee, including the Corporation of Delta whose representative is Rick Hedley (Citizen Representative).

Committee members have already been asked to provide input. We are available to meet with City staff and your Citizen Representative if you think this would be useful. If this is of interest, please advise us before 31 October 2008 so that we may set a date and time to meet.

We will also be canvassing the community for further ideas on initiatives through our website – www.yvr.ca. We will be placing notifications in the local papers and electronic media to inform the community of the opportunity to provide input.

Yours sincerely,

A handwritten signature in black ink, appearing to read 'Anne Murray', with a long, sweeping horizontal stroke extending to the right.

Anne Murray
Vice President
