INFORMATION NOTICE

BC Utilities Commission Oral Hearing Vancouver Island Transmission Reinforcement Project

Tsawwassen January 14, 2006

The Corporation of Delta would like to advise attendees of this public meeting that there is no Municipal representative on the Speaker's List.

Delta is a Registered Intervenor in the B.C. Utilities Commission regulatory process and, as such, we have been advised that the appropriate venue at which to make representation is the official Public Hearing, which is scheduled to start on February 6, 2006.

The B.C. Utilities Commission has stated that oral hearings of this type represent an opportunity for those who are not otherwise involved in the Public Hearing process to make their views known. On the advice of Mr. James Yardley, legal counsel for Delta, Mayor Lois E. Jackson and Delta Councillors requested that their names be removed from the Speaker's List.

The Corporation of Delta remains fully committed and involved in the regulatory process. Delta will be well represented at the Public Hearing by legal counsel and expert witnesses.

Should you have any questions regarding this matter, please call either myself at 604-952-3542 or Bernita Iversen, Policy Analyst, at 604-946-3257.

Chief Administrative Officer
